Internal document. Readable by all employees.

§1.0 — Before Day One

Human Resources issues the signed offer letter, collects identity and right-to-work documentation, and raises an IT provisioning request at least five working days before the start date.

§2.0 — Week One

The new joiner completes mandatory induction covering health and safety, information security, and the Code of Conduct. Their manager schedules a first-week check-in and confirms objectives for the first ninety days.

§3.0 — Benefits Summary

New hires receive 18 days of PTO annually, with increases based on tenure milestones outlined in the benefits guide.

Enrolment in the medical scheme and pension plan opens on the first day of employment and must be completed within thirty days. Employees who do not enrol within that window wait until the next annual enrolment period.
