

HR Leave Policy

Version 2.1

Owner: Sarah Chen

Department: Human Resources

Internal document. Readable by all employees.

§1.0 — Purpose

This policy defines leave eligibility, entitlement, and approval requirements for all employees of Acme Corporation. It is maintained by Human Resources and is the authoritative source for leave entitlement figures.

§4.1 — Eligibility

All employees on permanent full-time contracts are eligible for casual leave from their date of joining. Employees on probation may apply for casual leave with the written approval of their department head.

Contractors and agency staff are not covered by this policy and should refer to the terms of their engagement.

§4.2 — Casual Leave Entitlement

Eligible employees receive twelve (12) days of casual leave annually.

Entitlement is credited in full at the start of each calendar year. Employees who join mid-year receive a pro-rata credit calculated from their joining date to 31 December.

§4.3 — Application and Approval

Casual leave requests are submitted through the self-service portal and routed to the employee's reporting manager. Managers are expected to respond within two working days.

Where a request is declined, the manager must record a reason. Employees may escalate a declined request to Human Resources for review.
